

action by the USPTO will be the issuance of Notice of Allowance or an Office Action. Accordingly, the present Amendment under Rule 115, prior to such action, is being made.

The Amendment is intended to correct obvious transpositional errors in the specification, based on a reading of the specification at page 12. Support for the changes can also be found in the detail discussion at pages 22-27. Accordingly, it is respectfully submitted that no new matter is added. Entry of the Amendment is requested.

Early allowance of the application is also requested.

Respectfully submitted,
